POLL #1

Are you attending this Web Forum:

a. Individually
b. In a group of 2-5 people
c. In a group of 6-10 people
d. In a group of more than 10 people
As Vice President for Public Policy and Programs for the Public Health Institute (PHI), Matthew works to advance and support the work of the organization’s domestic and global health programs, identifying opportunities to strengthen program impact and promote cross-program collaboration. Matthew is also responsible for designing and implementing strategy for monitoring and influencing public policy, legislation and regulations affecting PHI projects and public health policy relevant to PHI interests.

Connect with Matthew on twitter @PHI_Policy

POLL #2

Which best describes how you might engage in Accountable Health Communities-related efforts?

a. Apply and lead an AHC effort
b. Be part of partner or stakeholder group engaged in AHC
c. Engage in policy-related efforts to support AHC
d. Be a resource to support AHC work
e. Other (Please submit your answer in the Q&A feature)
Leslie Mikkelsen, Managing Director of Prevention Institute, directs the Health Systems Transformation team. The team focuses on promoting community-level prevention in the implementation of the Affordable Care Act and fostering healthcare – community integration practices and policies. Current efforts underway include technical assistance for funding initiatives in various U.S. regions that support community and rural health centers in adopting Community-Centered Health Homes practices, a model developed by Prevention Institute. A concentration of the team is analysis of how to effectively incorporate community-wide prevention in Accountable Communities for Health.

POLL #3

What do you perceive as the top challenges to overcome in the implementation of AHC?
*Please select all that apply*

a. Funding
b. Reach to Medicaid Population
c. Data sharing or technology
d. Connecting patients to appropriate services
e. Partnership development
f. Addressing underlying determinants of health in the community
g. Other (Please submit your answer in the Q&A feature)
Donna Skoda is the Health Commissioner at Summit County Public Health. She has worked in community-based public health programs for 25 years. Her current responsibilities include the overall management of the health district as well as managing the assessment and epidemiological components within the Health District, data and information systems and general strategic planning for the health district in the community. She has served as the lead of the Summit 2020: A Quality of Life Project from the beginning and continues to assist with local management through the Summit County Executive’s Office. She has also been actively involved in the Community Transformation Grant with the Austen BioInnovation Institute of Akron.

Heidi Haney Favet, CHW, BS, is the Care Team Leader spearheading the Community Care Team (CCT) for Ely, MN and the surrounding area. The CCT has grown to a collaboration of 19 area agencies committed to interagency continuity of care for shared patients. As the Care Team Leader, she assists in developing and delivering Essentia Health practices for care coordination that address the comprehensive wellness needs of patients including the social determinants of health. Her past work has centered around providing and supporting services that maximize the limited resources available in this remote rural area. Ms. Favet is actively engaged in program evaluation and dissemination locally, regionally, and nationally.
